

OCT 1 1954

MEMORANDUM FOR: Deputy Director (Administration)

SUBJECT: Study of [REDACTED]

25X1C4a

1. You will recall that the Director mentioned at the last AD Meeting that he was somewhat concerned with the present system of [REDACTED] and that on his recent trip he had talked with several Station Chiefs and felt that our present system should be reviewed.

25X1C4a

2. I received a call yesterday from the Chief of FI who said that they were reviewing the situation in his office which is the present location of this activity. Since this matter also concerns the Office of Security and the Office of Personnel, it would appear that it would be timely for the Chief of Management to take over the job of reviewing this entire situation. It is my understanding that he has previously made a study of this problem.

3. We of course stand ready to assist you in every way possible from the viewpoint of this Office.

SIGNED

Harrison G. Reynolds
Assistant Director for Personnel
